### Light Shielding

**Adjustable Light Shielding**

- **Light Shield / No Cut-Off:** The most possible light output from the fixture. This position provides maximum throw in both directions.
- **Light Shield / Half Cut-Off:** Slightly reduced light output toward the back of the fixture.
- **Light Shield / Full Cut-Off:** Greatly reduced light output toward the back of the fixture.

---

### Features

- **Construction**
  - 4.00" (102) wide x 1.25" (32) tall fabricated metal housing
  - Powder coat finish

- **LED Source**
  - Available at three power levels up to 1200 lumens per foot
  - Tight binning ensures color consistency within 2 MacAdam ellipses
  - Dense pitch for uniform output

- **Optics**
  - Asymmetric distribution / protective clear lens
  - Optional soft cutoff lens
  - Integral semi-specular reflector
  - Backlight shield allows user to adjust the distribution to suit the field condition

- **Electrical**
  - Field-replaceable integral LED driver
  - Integral wiring compartment in housing
  - Integral thermal protection
  - Easy maintenance access via lens assembly
  - Quick disconnect through wiring for continuous runs

- **Mounting**
  - Surface mount
  - End-to-end for continuous uninterrupted illumination
  - For joiner options to connect multiple EF600 sections see page 2.

- **Labels**
  - Suitable for damp location

We reserve the right to change or withdraw specifications without prior notice.
Kit Includes
• 2 End Caps
• 1 Hinge Pin
• 1 Cotter Key
• Armored Conduit
• Electrical Whip

Easy Installation
• Slide inside
• Locks in place

ELBOW JOINER KIT
• Elbow joiner for curved / angled applications
• 0-90° joint motion
• Top or bottom pin locations for reverse action

STRAIGHT JOINER KIT
• Smooth continuous run applications
• Easy snap-in joiner
• Quick-disconnects power supply
