Set of 4 bars - Good for one fixture
(See next page for details)

* Other filters, colored glass, dichroics & micro-lenses available upon request
L-shaped cross section for each member, when assembled together provides a ½” X 1 ½” C-Channel shaped profile for superior rigidity.

- Consists of two identical parts in all aspects, therefore interchangeable.
- Fits into C-Channel notches in Butterfly Bracket.
- Item #LBAR4PK - 4 pack of bars included (Good for 1 fixture).

The parts are assembled by aligning the end of one, with the alignment marks of the other.

Contains integral nails, which are:

1. Located as far away as possible from the main bar to permit easy nailing.
2. Oriented parallel to joist wood grain for easier installation.
3. Toothed to resist pullout.
4. The sharpest available achieved through a proprietary process.
5. Retracted and surrounded for added safety prior to installation

** 36”- 48” capacity with addition of 1 or 2 more identical members
